DESCRIPTION

2007 ASTON MARTIN VANQUISH S

A truly excellent example of Ian Callum’s iconic design, this 2007 Vanquish S has covered just 23,000 miles from new. The car is in stunning condition and has been cherished by its previous enthusiast owners, demonstrated by its full Aston Martin main agent and marque specialist service history.

With its heroic, iconic and timeless styling, combined with highly capable, ultimate Grand Tourer performance, combined with a sumptuous, comfortable cabin, the Vanquish S model is firmly established as a must have ‘Young Timer’ classic car to today’s enthusiast and collector.

When production of the Vanquish S, at the Newport Pagnell Works, ceased in 2007, just 1,086 examples had been produced which are now being sought after and acquired by an increasingly discerning client base. The example that we are now delighted to offer certainly does not disappoint in any regard and can be regarded as a ‘tick box’ example; low mileage, highly desirable colour combination, full Aston Martin Service History and outstanding condition throughout.

First registered in May 2007, this is one of the last 100 Vanquish S to have been built and owned for 10 years by a long-standing enthusiast of the marque, who has for many years played an active role in the Aston Martin Owners Club and participated in many Concours events, often with this particular car. Retained by him until 2018, when sold by ourselves to its next two owners , most recently in 2021.

Finished in the beautiful Ferrari colour of Grigio Titanio over Obsidian Black hides and carpets, this example is fitted with heated seats, Bluetooth, iPod connectivity, a heated front screen and 2+2 seating configuration. It has also participated in a number of Aston Martin Owners Club events, most recently securing a 2nd in class finish at the 2017 Spring Concoors as well as being featured on the cover of the AM Quarterly magazine.

We could not hope to find a Vanquish S in better condition and it is presented in nothing less than Concoors condition. Supplied with a substantial history folder, fresh service, 12 months MOT and 12 months warranty, it is available for immediate viewing and demonstration at our Hertfordshire showrooms.
