DESCRIPTION

2014 ASTON MARTIN V12 VANTAGE S

Classically specified, we are pleased to offer this stunning V12 Vantage S, finished in (Q Special) Volcano Red over Obsidian Black hides with red accents.

Building upon the success of the now iconic and future classic original 6-speed manual V12 Vantage, first launched in 2008, in 2013, Aston Martin gave the model a major overhaul, relaunching as the V12 Vantage S.

At the time of the model's launch, the 565 bhp V12 Vantage S was Aston Martins fastest series production car built, capable of 0-60 mph in 3.5 seconds and a top speed of 205 mph! Other technical advancements from the original V12 Vantage included 3-stage adaptive damping, Servotronic Steering and a new Bosch engine management system.

First registered in October 2014, this 2015.25 model year V12 Vantage S is equipped with the 7-speed Sportshift III automated manual gearbox, which provides near seamless gear changes via the two paddles mounted conveniently behind the steering wheel.

Notable optional extras chosen by the first owner include; Aston Martin 700W Premium Audio, Black brake calipers, Jet Black exterior graphic, Red Twill Carbon Fibre fascia trim, Front grille carbon, Front parking sensors, Black 'lipstick' graphic, Reversing

camera, Gloss Carbon & Graphic roof panel, AM Wings headrest embroidery, Tailgate graphic, Black side window finisher and headlamp bezels, alcantara steering wheel and 19" 10 spoke Gloss Black Diamond turned wheels, along with the Carbon Fibre bonnet louvres and side strakes, completing the full and distinguished specification.

With less than 10,000 miles covered, by its two previous owners, and benefitting from servicing at Aston Martin main agents, this car is presented in excellent condition throughout. Supplied freshly serviced by our own team and with 4 brand new Michelin Pilot Sport tyres, ready to be enjoyed as intended, this motoring season.

Supplied with a custom fit indoor car cover, battery conditioner, 12 months MOT and 12 months warranty.

Available for viewing and demonstration at our Hertfordshire showrooms now

- Alarm upgrade (volumetric and tilt sensors)
- Immobiliser
- Remote central locking
- Tracking device
