DESCRIPTION

2018 ASTON MARTIN V12 VANTAGE AMR – MANUAL

Attractively finished in Ultramarine Black with Elwood Blue graphics pack over Pure Black Alcantara hides with Aurora Blue accents, we are delighted to offer this superb, ultra-low mileage, one owner from new, V12 Vantage AMR.

Launched in June 2017, the V12 Vantage AMR (Aston Martin Racing) was conceived and produced in celebration of the Aston Martin’s racing success, particularly with their win at the Le Mans 24 hrs that year. Equipped with the last and most powerful variant of the sonorous and naturally aspirated 6.0 litre V12 engine. The Vantage AMR V12 engine, rated at 595 bhp and mated to a 7-speed manual transaxle transmission, is a highly fitting tribute to its endurance racing counterpart, giving extreme levels of performance whilst affording high levels of comfort.

Just 31 V12 Vantage AMR 7-speed manuals were manufactured in Right Hand Drive, with only 19 for the UK market, from a total of 75 cars built, before production ceased in 2018.

In addition to the 2018 model year specifications, notable optional extras specified with this example include; Piano Black Interior trim pack, Bang & Olufsen Beosound Audio, Dark Anodised brake calipers, full length twill carbon fascia trim, V12 side fender

badges, Carbon painted front grille, Elwood Blue Graphics Pack, Gloss Carbon Fibre Mirror caps, Reversing Camera, AMR logo headrest embroidery and Satin Black lightweight wheels, which we have had painted in Silver as we thought they would look great. If the next owner prefers Satin Black, that can be reversed, very easily.

Purchased new via the Aston Martin Main agent in the Channel Islands, we have recently purchased this vehicle and retained its tax unpaid status, thus presenting a highly attractive proposition for someone wishing to export this car. If the car is to remain in the UK, VAT (of 20%) will be charged on the purchase price.

Having covered just 1,800 miles from new, in the hands of its sole owner, our pre-sale inspection confirms this car to be in superb condition throughout, virtually unmarked. As confirmed by the stamps in the Owner's Manual and corresponding invoices in the vehicle's history file, servicing has been carried out annually by Aston Martin main agents, most recently in August 2025 by Aston Martin Cheltenham, whilst with a recorded mileage of 526.

Supplied to its new owner prepared and detailed to our usual highest standards, with a fresh manufacturer scheduled serviced, 4 new tyres, with 12 months MOT and 12 months warranty (if remaining in the UK) along with a bespoke custom fit Aston Martin car cover, battery conditioner and full complement of keys.

With V12 Vantage's (of all varieties) being the hottest property in our showroom so far in 2026 and with the now extremely limited supply available, this represents a possibly unrepeatable opportunity to purchase and own a 'factory fresh', last of the line and 'last of a type' V12 Vantage AMR.

A modern classic in every sense, a homage to racing glory and extremely rare. In exceptional condition, with super low mileage and in the less seen colour combination (one of just 7 in this colour), this collector grade V12 Vantage is highly recommended to the new era collector or enthusiast alike.

Available for viewing and demonstration now at our Hertfordshire showrooms.

- Alarm upgrade (volumetric and tilt sensors)
- Immobiliser
- Remote central locking + boot release
