DESCRIPTION

2018 ASTON MARTIN VANQUISH S

Stunningly finished (AML Special) Morning Frost White, over Obsidian Black hides with Ivory stitching, we are delighted to offer to market, for the first time, this superb, low mileage Vanquish S.

Another glorious 'last of the line' 1st generation Gaydon model, launched in 2016, at the end of a near 15 year run of highly successful models, from the DB9 onwards, the Vanquish S was offered updated styling, greater power output and sharper handling of Aston Martin's Super GT, the Vanquish.

The naturally-aspirated 5.9 litre V12 engine, was updated to produce 595 bhp (up from 565 bhp) and the calibration of the 8-speed Touchtronic III transmission was revised to deliver faster gearshifts and greater refinement at low speeds. Suspension damper internals, spring rates and anti-roll bar bushes were also re-tuned to give the Vanquish S a keener edge, without compromising its ability to deliver supple ride quality on demand.

Distinguished from the Vanquish by a new aerodynamic package. Fashioned from exposed carbon fibre, the revised and more aesthetically attractive front splitter delivers a reduction in frontal lift without a significant increase in drag. The new rear diffuser

combined with visually striking new quad exhaust outlets give followers no doubt which model they are tracking and one of the best exhaust notes of any Aston Martin.

With a retail price starting at £199,950 and the arrival of the 2nd century models to turn the heads of prospective buyers, it is no surprise that sales of the model were relatively modest, with just 532 examples produced for worldwide consumption, 212 for the UK RHD market.

The example we now offer is one of just 11 finished in the captivating special-order colour of Morning Frost, 3 of which remained in the UK. In addition to the high 2018 model year specifications of the Vanquish S, notable options chosen on this example include; Piano Black interior pack, Carbon fibre bonnet vents, Red brake calipers, Black textured tailpipe finishers, Full length Satin Chopped Carbon fascia trim, V12 side fender badges, Black mesh grille with Carbon surround, Shadow Bronze Jewellery Pack, Gloss Carbon fibre mirror caps, Carbon fibre paddles, Vanquish S rear badge, Gloss Carbon fibre roof panel, Ventilated front seats, AM Wings headrest embroidery, Twill Gloss Carbon side strakes, Black side window finishers, 20" 10-spoke Gloss Black diamond turned wheels and a One-77 steering wheel. A full Build specification is available by request.

Delivered new, in September 2018, by Aston Martin Cheltenham, our pre-sale inspection confirms this vehicle to be in outstanding condition throughout, benefitting from annual servicing at Aston Martin main agents, the last being carried out in October 2025 whilst at 9,452 miles.

Supplied to its next owner prepared and detailed to our usual highest standards, with a full complement of keys, owner's manual and history file.

Available for viewing and demonstration now at our Hertfordshire showrooms.

- Immobiliser
- Remote central locking
- Tracking device
