DESCRIPTION

2010 Aston Martin V12 Vantage

There is no doubting that the most ‘in demand’ model at our showrooms, over the Spring / Summer 2026 months, has been the 6-speed manual, V12 Vantage. And it is difficult to imagine a better specified, better preserved and better presented example than this one, we are now delighted to offer for sale.

In arguably the best colour combination, Quantum Silver over Obsidian Black hides, specified with the desirable Lightweight Carbon Fibre seats and Bang & Olufsen Beosound audio and benefitting from regular, no expense spared maintenance (14 service stamps in the owner’s manual), this example ticks all of the boxes.

The ‘KX’ (Gaydon) registration number giving the game away, this car was originally intended for the management of Aston Martin, however, a well-connected Aston Martin main agent, in Surrey, was able to prize it away for a loyal customer instead. The following owners (the last since 2022), have clearly cherished the car, affording a no compromise attitude to its maintenance. Every penny of expenditure being recorded in the extensive history folder.

Having now covered just 25,400 miles from new, in the hands of its 5 former keepers, and having been serviced regularly by Aston Martin main agents and ourselves, since 2023, our pre-sale workshop inspection confirms the car to be in superb overall condition, displaying only the faintest evidence of use. A new clutch (2018 @ 20.7k miles) and new Michelin Pilot Sport 4 tyres (in 2023 @ 22k miles) gives potential buyers peace of mind on two major maintenance items with V12 Vantage’s of this age.

Benefiting from recent cosmetic detailing, this car presents superbly, barely distinguishable from new, protected in vulnerable areas by PPF, and has been upgraded with CarPlay, in order to offer up to date infotainment functionality. Secondary Cat delete pipes have been fitted for extra performance and exhaust note. Other cosmetic upgrades fitted include a Carbon Edition black front grille, Carbon Fibre side strakes, Carbon Fibre gearshift surround and an alcantara gear knob with Carbon Fibre insert.

Just serviced and now supplied to our usual highest standards of preparation and with 12 months warranty, along with an extensive, bound history file, a custom fit AM indoor car cover and battery conditioner.

Available for viewing and demonstration now at our Hertfordshire showrooms.
