Coupe	27,700 miles	5.2 l	Petrol	Automatic	White Stone (AML Special)

DESCRIPTION

2018 ASTON MARTIN DBS SUPERLEGGERA

We are delighted to now offer for sale this attractive and highly specified example of the former flagship of the Aston Martin range, the DBS Superleggera, finished in the alluring (AML Special) colour of White Stone over Light Argento Metallic and Blue Haze Metallic hides.

Replacing the outgoing VH3 Vanquish as the halo model in the AM range, the DBS Superleggera was greeted enthusiastically at launch in 2018, by some of the world's most respected automotive journalists. Since then it has gone on to establish itself as a firm favourite of long term enthusiasts of the marque, not just for its stunning looks and awesome capabilities but for the soul and sense of occasion it shares with some of its previous range topping Aston Martin predecessors, such as the original V8 Vantage and Supercharged Vantage of the 1990's. Production of the DBS was drawn to a close in 2024, by which time Aston Martin had produced circa 3,500 examples of the model, split between Coupe and Volante variants.

The 'Super GT' DBS Superleggera was powered by Aston Martin's 5.2-litre twin-turbo V12 engine, driven by the 8-speed ZF Gearbox, developing 715 bhp and 663 lb ft of torque. More than enough to take the car to a maximum speed of 211 mph and 0-62 mph in 3.4 seconds. Performance to crush any continent!

The example we now offer for sale was first registered in October 2018, changing hands in 2019 and again in 2022 to its most recent, marque enthusiast owner. Serviced annually by Aston Martin, most recently in June 2026 by AM Works. Having now covered just 27,700 miles from new, our pre-sale inspection confirms this tasteful example to be in superb condition throughout, with only the lightest evidence of use.

In addition to the standard DBS Superleggera luxurious specifications, notable optional extras chosen when new include; Bang & Olufsen Beosound Audio, Bright chrome bonnet badges, Black brake calipers, Stainless Steel Matte Black exhaust tailpipe finishers, Satin Silver Jewellery Pack, Carbon Gloss tint mirror caps, Carbon gloss tint roof panel and roof strakes, Ventilated front seats, AM Wings headrest embroidery, smoked rear lamps, and Gloss black forged twinspoke wheels. A full build specification is available on request.

Costing £270,000 when new, including £40,000 of considered optional extras, in our opinion, this example now represents

superb value for money and is available for viewing and demonstration at our Hertfordshire showrooms.
