5.9l - 16,671 miles - Obsidian Black - Manual

Bodystyle	Mileage	Engine Size	Fuel Type	Transmission	Exterior Colour
Coupe	16,671 miles	5.9 l	Petrol	Manual	Toro Red

DESCRIPTION

2009 Aston Martin DBS Manual

Finished in the incredibly rare colour of Toro Red, with just 16,670 miles from new and in exceptional condition throughout, we are delighted to offer for sale this 'collector grade' manual DBS Coupe.

The 2008 – 2012 DBS, particularly those built with the 6-speed manual gearbox, has firmly established itself as one of the most sought after and collectible Aston Martin's from the famed 1st generation of production (2004-2018) at the Gaydon factory. In fact, it has probably been our most requested model of 2026 so far.

This superb example is finished in Toro Red. Using data supplied by the Aston Martin Heritage Trust, we are able to confirm that just 9 DBS' were built in this exterior colour, 2 of which for the UK RHD market, both of which were Manual, 2+0 configuration.

The cabin is trimmed in Obsidian Black Semi aniline hides, with Alcantara seat inserts. To complement the exterior colour, the contrast stitching, throughout is Red with the optional Piano Black facia providing a welcomed luxurious feel. The fantastic, unmarked condition of the interior suggests a cherished life led!

First registered in March 2009 and having covered just 16,670 miles from new, the condition, throughout, is superb and as close to a new car you can hope for from a 17-year-old car. Servicing has been carried out by Aston Martin main agents and by ourselves, on a no expense spared basis, since 2021, including its most recent service and maintenance in May of this year.

Supplied to its next owner fully prepared and detailed, with 12 months warranty, along with a full complement of keys, owner's manual and detailed history file.

Available for viewing and a demonstration now at our showrooms in Hertfordshire.
