Friday	Closed	Saturday	Closed
Sunday	Closed		

**DESCRIPTION**

The first generation Aston Martin Vanquish produced between 2001 and 2004, is both one of the most iconic New Era Aston Martin models and one of the most important, laying the foundations for future models such as the DB9 and V8 Vantage. Just over 1,500 Vanquish were built to satisfy considerable global demand and 20 years on from the model first showing in 1999, many observe that the muscular and undiluted styling of the Vanquish has not been bettered to date! It is a delight to have back in our showroom, one of our favourite examples, having originally supplied this car in 2011 and since maintaining it for its then and subsequent owners.

Finished in Chiltern Green over Charcoal hides and carpets, this superb example was first registered in April 2004 and has since completed just over 20,000 miles. In addition to the standard high specifications of the Vanquish model, this car benefits from numerous optional extras including 2004 model year wheels, black brake calipers, heated front seats, 2+2 seating arrangement, heated front screen, powerfold mirrors, rear park sensors, Linn premium audio and SatNav.

Throughout its life, this Vanquish has been very well maintained including since 2011 service and maintenance works by our own workshop. In recent years, major maintenance works including new spark plugs and initial coils, new ASM pump, new clutch and gearbox upgrade to 'S' specifications, have been carried out. Now on the button and presenting to the highest standard throughout, ready to be enjoyed by its next custodian
