DESCRIPTION

2011 V12 Vantage 6-Speed Manual – 1 owner and 7K miles from new!

We are delighted to offer to market, this exceptional 'collector grade' example of the famed Aston Martin V12 Vantage 6-Speed manual.

This model remains, for enthusiasts, a milestone of Aston Martin production, with an analogue feel, animalistic instincts, strong residual values and eminently sensible maintenance costs, we can fully understand the considerable appeal!

With just over 300 of the 510 bhp 6-speed manual Vantages built for the UK market, it has proven to be quite possibly the most in demand Aston Martin at present and has firmly established future classic status.

This superb, possibly unrepeatable example is offered to market having had just one marque enthusiast owner from new. Having been much cherished during its single ownership, our pre-sale inspection findings confirm this exemplary car to be in a virtually 'unmarked' condition throughout. Annual servicing and maintenance has been carried out without regard to cost, and as such, the car now boasts a very impressive history record with a 12 AM main agent service stamps on file, and every corresponding invoice.

This collectors and or enthusiasts dream V12 Vantage 6-Speed Manual was supplied by Aston Martin Hatfield and first registered in September 2011. Finished in Meteorite Silver over Obsidian Black hides and contrasting silver stitch, notable optional extras specified with this car include; Aston Martin Premium Audio, Handsfree Bluetooth Connectivity, Cruise Control, Auto Dimming Rear View Mirror, Piano Black Facia Trim, Carbon Fibre Door Arm rest, Black Brake Calipers, Front Parking Sensors, Heated Seats, 19" 10 Spoke Graphite Diamond Turned Wheels.

Supplied to its next custodian owner inclusive of its next scheduled service, with 12 months MOT, 12 months warranty, a custom fit indoor car cover, battery conditioner, history folder, a full complement of keys and 4 brand new Michelin Pilot Sport 4S tyres!

With the V12 Vantage 6-Speed Manual being a team favourite, and with this particular car presenting in a condition that is increasingly hard to come by, we would advise perspective buyers register their interest with haste.

Available for viewing and demonstration now at our Hertfordshire showrooms.

PS: If there was a car we could keep, this is it!
