Interior Trim	Fuel Consumption				
Obsidian Black with Red Stitch	22.1 mpg				

DESCRIPTION

2016 Aston Martin Vanquish Volante – 8-Speed

Finished in Oynx Black over Pure Black hides, with Spicy Red contrast stitching and complemented by a Black convertible hood, we are delighted to offer this 2017 Aston Martin Vanquish Volante with the 8-speed Touchtronic Gearbox.

The then range topping Vanquish Volante was introduced by Aston Martin in 2013 and produced until 2017 when replaced by the Vanquish S Volante. In total, just 1001 examples of the model were built. In 2015, model year updates included the new 8-Speed ZF 'Touchtronic III' transmission and an increase in engine power output to 568 bhp thus allowing the Vanquish Volante to achieve a top speed of 201mph whilst delivering an improved 22.1mpg.

The superb 2017 model year example, we now offer for sale, was specified with numerous optional extras, including; exterior black pack, red brake calipers, black textured tailpipe finishers, full length Piano Black fascia trim and Piano Black interior trim pack, black vaned front grille, Shadow Bronze jewellery pack, shadow bronze centre stack rotary switches, auto dimming interior rear view mirror, black meshes, micro perforated seat inserts, Twill gloss carbon side strakes, One-77 full leather steering wheel and 20" 10 spoke gloss black diamond turned wheels. There's even ISOFIX on the front seat for those needed to accommodate a baby seat!

A full build specification is available by request.

Much cherished by its previous owners, regular servicing has been carried out by Aston Martin Main agents and renowned specialists. Prepared for sale by ourselves, to our usual highest standards, this attractive Vanquish Volante is in superb condition throughout and will be supplied to its next owner freshly serviced, to schedule, with 12 months MOT and 12 months warranty.

Arguably representing a high point in Aston Martin production, the flagship convertible Vanquish Volante, is likely to be long lusted after by the Aston Martin enthusiast community and this example, considering its specification, condition and limited mileage, is likely to be one of the best available.

Available for viewing and demonstration now at our Hertfordshire showrooms.
