DESCRIPTION

2023 Aston Martin DBS Volante

Finished in Supernova Red over Oynx Black hides and complimented by a Black convertible hood, we are delighted to offer this stunning DBS Volante.

Introduced, in Coupe form, in 2018, the DBS Superleggera replaced the previous Vanquish as the flagship of the Aston Martin range. Based upon similar architecture and running gear of the DB11, the DBS Superleggera was positioned as the 'Super GT' offering, in the words of Evo Magazine, 'Crushing performance paired with impressive long-distance comfort and an old-world GT charm. It's Aston at its best! The DBS is unashamedly old school, hugely characterful and sometimes intimidating, just as a 715bhp rear-wheel drive Aston should be!'

A year later, in 2019, the DBS Superleggera Volante was added to the range, becoming fastest convertible model in company's history

with a 211mph top speed.

The DBS Volante (for the 2022 model year, the Superleggera was dropped from the name and the car was simply became known as the DBS) that we are now pleased to offer was first registered in May 2023 and has now covered just 6,300 miles, in the hands of its two owners.

Notable optional extras included in the specification of this highly attractive example include; AM Premium Audio, Auto Park assist, Matte Black Quad exhaust tailpipes, Gloss Black exterior badge pack, Dark Chrome Jewellery Pack, Perimeter Camera system, Ventilated front seats, AM Wings Headrest embroidery, Carbon Fibre/Leather steering wheel, Smoked rear lamps and Ten Twin Spoke Gloss Black Diamond turned wheels. A long and full build specification is available on request.

Presented in superb condition throughout and supplied with our usual highest standards of preparation and detailing, along with the balance of Aston Martin warranty remaining until May 2026 2022 and service plan until May 2028.

Considering an original purchase price of circa £350,000, this barely used, highly attractive convertible 'Super GT', in our opinion now looks incredible value at the listed price.

Available for viewing now at our Hertfordshire Showrooms.
