DESCRIPTION

2012 Aston Martin V12 Vantage – Carbon Black Edition

The most in demand model at our showrooms, over the Autumn / Early Winter 2025 months? The original (6-speed manual), V12 Vantage. (Thanks Harry, we owe you one..)

And this new arrival, just in time to make the perfect Christmas present, ticks all of the boxes, as far as we are concerned. Low mileage, superb specification, Carbon Black Limited Edition and fantastic condition. Take it from us, finding them like this is now becoming virtually impossible.

First supplied by Aston Martin Leeds in March 2012 (Original purchase invoice supplied in the history file), this 2012 model year Carbon Black Limited Edition was specified in AML Carbon Black, over Obsidian Black leather with contrasting silver stitching.

Interestingly, this example features alcantara seat inserts. A feature rarely seen on the V12 Vantage model.

The Carbon Black model specification featured bespoke metallic Carbon Black paint, the iconic Aston Martin side strake was fashioned from real carbon fibre backed by a black mesh and complimented with gloss black 10 spoke diamond turned alloy wheels. A bright finished grille and front parking sensors (normally an option) complete the exterior detailing.

In addition to the standard '12 MY specifications (the main benefit of which being the far superior Garmin SatNav system), notable optional extras specified on this example include; Aston Martin 700W Audio system, Black brake calipers, Piano Black fascia trim, heated front (Sport) seats, alcantara trimmed steering wheel and carbon fibre wing mirror covers. Latterly, super rare 'Sarah Maynard' aluminium indicator stalk covers have been added.

Having now covered just 7,580 miles from new, in the hands of its three owners, and having been serviced regularly by Aston Martin main agents and ourselves, on the last two occasions, our pre-sale workshop inspection confirms the car to be in superb overall condition, displaying only the feintest evidence of use.

Supplied to our usual high standards of preparation and with 12 months warranty, along with an extensive, bound history file, a custom fit AM indoor car cover and battery conditioner. And if you are not already a member, your first year's membership of the Aston Martin Owners Club is on us!

Available for viewing and demonstration now at our Hertfordshire showrooms.
