DESCRIPTION

2018 ASTON MARTIN V12 VANTAGE S SPORT-PLUS PACK MANUAL ROADSTER

Offered to market for the first time, we are delighted to present this stunning, tastefully specified, low mileage example of Aston Martin's V12 Vantage S Manual Roadster, one of just 36 right hand drive examples of this model and optioned with the 'S-Plus Pack'.

The 'last of the line' V12 Vantage S Manual is recognised by the Aston Martin enthusiast community as the culmination of years of successive development of the Vantage chassis and V12 powerplant. With 563bhp / 630nm available, delivered by the 7-speed manual transmission, these soulful cars deliver driving

theatre arguably not available from the Mercedes Benz derived turbo charged drivetrains of 2nd Century Aston Martins.

Finished in Jet Black over Obsidian Black hides with a Galena silver leather inner stripe and silver stitching, complemented by the Black convertible hood. Originally optioned with Sport-Plus Pack, the benefits of which include; + 5 BHP/ + 10Nm, a choice of 5 Exterior Colour / graphics (front lipstick, side sills, mirror caps and rear diffuser blade) Combinations, Graphite silver Lightweight wheels and alcantara interior details.

Notable optional extras specified include; Aston Martin 700w Premium Audio, Carbon Fibre hood louvres, Dark Anodised brake calipers, Black textured tailpipe finishers, Exterior Carbon Pack (side strakes and rear light infills), full length Piano Black fascia trim, Front grille Carbon, Black headlamp bezels, Piano Black interior trim pack, Reversing camera and front parking sensors, Sport Seats (which unlike the Carbon Fibre Lightweight Seats have a heating function, useful in the Roadster!) Aston Martin Wings headrest embroidery and Black side window finishers. A full build specification is available on request.

Originally supplied by Aston Martin Cheltenham and first registered in January 2018, this car has now covered 6,642 miles from new and has been serviced annually by Aston Martin main agents, including its last service at Aston Martin Works in July 2025. As confirmed by our pre-sale inspection, this car is in superb condition throughout and presenting in virtually 'as new' condition, having been protected from new by full body 'Topaz' PPF.

Supplied with a full complement of keys, wind deflector and custom fit car cover, this much cherished and unmissable example is now available for viewing and demonstration at our Hertfordshire showrooms.
