White Pearl / Black alcantara	55.4 mpg				

DESCRIPTION

2012 Aston Martin Cygnet CVT

Increasingly rare to market, it is a pleasure to offer for sale this 'Launch Edition' of Aston Martin's bespoke luxury commuter car, the Cygnet.

With a limited production run of less than 800 units for almost all markets, of which only circa 150 remained in the UK, the Aston Martin Cygnet has become a notable and rare gem within the Aston Martin story and have, over the last few years, acquired collector car status. Low mileage and particularly well-kept collector grade examples such as this example, have become increasingly difficult to source, production having ceased over 12 years ago.

Combining a high level of equipment and all the refinement, craftsmanship and meticulous attention to detail you expect from

Aston Martin, with a distinctively compact and stylish body, the Cygnet is perfectly suited for city or urban use, whilst carrying the cache of Aston Martin ownership.

The example we are now delighted to offer to market is finished in 'Launch Edition' specifications (the 'Launch Edition' was available in two colour ways – White or Black), of Snow White metallic paint, with twin matt body stripes, silver meshes, chrome brightwork and white diamond turned alloy wheels. Inside the cabin, a combination of Pearl White leather, rectangular shaped perforated alcantara inserts with silver backing and satin chrome finishers.

Specified with the desirable CVT automatic transmission, this Cygnet has covered just 22,200 miles in total and is in superb condition throughout. Much cherished by its previous owners and purchased by its last keeper in 2022, this low mileage example has been serviced annually by Aston Martin main agents (11 services in total) and professionally stored, when not in use.

Supplied to its next owner / custodian with the original owner's handbook, a service history file, a Launch Edition marketing pack, Aston Martin leather CD case, battery conditioner, and all spare keys.

Included in the sale is a manufacturer scheduled vehicle service, full vehicle preparation to our usual high standards, a 12-month warranty and fresh MoT certificate.

Highly recommended, this tastefully finished baby swan, is available now for viewing, inspection and sale, at our Hertfordshire showrooms.
